SUBJECT: Review and approval of revised Kentucky STP-Urban project priorities

Henry

Jefferson

Federal funds are allocated to the KIPDA urbanized area in the form of STP-Urban funds for use in Bullitt, Jefferson, and Oldham counties. KYTC allocates approximately \$13,700,000 of STP-Urban funds annually to KIPDA to be used on surface transportation projects in the urbanized area. This fiscally constrained program of funds is selected and approved by the MPO and is included in the Transportation Improvement Program.

Because project schedules change, the program is reviewed periodically to accurately reflect correct project costs and schedules. The working group met on May 15 to review the programmed projects and made changes to the list. The changes include adjusting the project costs and moving phases between years; no new projects were added to the program. A revised list of project priorities is included in this packet for your review and approval.
